Mallorca - Cala D'or 2 - 3 Bedrooms Apartments from £218,000

Cala d'Or today is a modern purpose built resort that has grown from a small traditional Mallorcan fishing village. Over the years the resort has expanded, and now covers an area of over 4km of small sandy coves and creeks. Although in all fairness this growth has for the most part been controlled, and the town still has the feeling of a small village with few, if any, high rise buildings. The focal point of the town centre is a pedestrian zone around the area of Cala Gran, which has a varied selection of shops, bars and restaurants.

Building license , Structure guarantee , Show house finished

Orientation: Port, very near sea
